

Message from Mrs Crocker

What a wonderful Spring Term we've had here at Michaelchurch. It's been such a bonus to have such good weather for these last few weeks – it's certainly brought a smile to everyone's faces!

Thank you everyone for all your hard work this term – children, parents, staff and everyone else who has contributed to making this term so successful! The children, both in school and preschool, have had so many amazing experiences and opportunities and it's thanks to everyone's input and enthusiasm this is possible.

Over Easter we are having a new electrical supply and a new heating system installed and we're currently unsure what disruption this may have when we return to school on Monday 28th April. We're hoping it will be minimal, and we will update you during the holidays if these works have any impact on the children returning.

Also a reminder about the change to the school day in September. The school day is going to be extended by 30 minutes. The new school day will be 8.45am-3.15pm. Preschool will open 8.45am-3pm

I hope everyone has a really lovely Easter holiday and I'm keeping my fingers crossed the lovely weather will continue. Hopefully everyone can have a well deserved rest and we'll all look forward to seeing the children back again on Monday 28th April.

Louise Crocker

Preschool News

It has been a busy end to the Spring Term, lots of fun outdoors in the warm Spring sunshine! We continue to explore on our daily walks, often the children decide which way to go; looking for signs of Spring in the woods, enjoying picnics in our garden or surrounding fields and egg rolling down hills!

Some children visited Dulas Court Residential Care home the children and residents had lots of fun together singing nursery rhymes, playing balloon games and sharing a mid morning drink listening to a story.

This week was our end of term trip to The small breeds park at Kington, the children love a trip out on the school minibus and had the opportunity to feed and stroke a number of small animals. It is an absolute pleasure to take the children on trips as they delight in being curious of the wider community and their behaviour is amazing as we remind ourselves these children are very young!

Thank you for your continued support it is much appreciated.

Happy Easter!

Julie and Beth
